15 December 2006

F.A.O. Mr. N. Kessler

Dear Sir,

RE: Appeal Ref W5780/A/06/2031957/NWF

We write with reference to the above planning application appeal and to provide copies of documentation which we have been informed are “not available” to be forwarded on to yourselves from our local planning department. The attached information consists of the following items in triplicate as requested:-

- 1) The original planning application notice from our local planning department.
- 2) Our objection points against this application.
- 3) A notice of an amendment to the application plans.
- 4) Our request for an extension of the deadline for objections due to the lack of available plans.
- 5) An email confirming that the deadline for lodging objections had been extended.
- 6) Our objection points to the amended plans.
- 7) A notice of further amendments to the application plans.
- 8) Our objection points to the latest plans.
- 9) A notice of rejection of the application from our local planning department.
- 10) A notice that an appeal had been lodged.

All items are self explanatory and form the basis of our objection to the proposed scheme. Little can be added to “our case” beyond saying that the Counties Resident’s Association covers an area of just over 300 households and this site sits at its centre. Our membership currently counts for approximately one third of these households spread evenly across our patch and whilst those closest to this site are naturally the most against the scheme, we can say that without exception our membership is unanimously against such proposals.

Our members value the homely/family nature that counts for all the properties in our area and do not wish to see our historic family dwellings replaced by high-density, non-family orientated blocks of flats. We therefore invite you to visit our area to more fully appreciate how out-of-character that this proposal is with its surroundings. Please would you acknowledge receipt of this information and keep us informed of all decisions.

Yours faithfully

Helen Zammatt
Chairman
