**F.A.O. Mr. B. Mady**

Dear Sir,

## **RE: Higgins Homes Site**

We write in reference to ongoing infractions by a builder at a site within our area (your ref E&BS/75883/500994/GV dated 24/10/06). Whilst some of the issues have been satisfactorily addressed, we would like to reiterate the matter of the skips and the on road storage/pathway closures.

Whilst at the time of the previous correspondence the skips were behind high-visibility barricades and therefore apparently permissible, this situation has not continued in recent weeks. Currently as you will see from the photograph below the skip is neither behind barricades, nor lit. Please can you confirm whether this is acceptable (we doubt it) and what action you will be taking as a result.

Secondly although for a period the builder did in fact keep their materials etc off the footpath and road, as you can see in the second picture below they have returned to their old ways. Please confirm what action you will now take given that they have already continued to act against your instructions of last time.

Yours faithfully

**Helen Zammett**  
Chairman
