

CRA Question to Council 19/1/17

MAIN QUESTION: -

Will the Council reconsider the car parking scheme to be imposed in February 2017 in Wanstead?

SUPPLEMENTARY QUESTION: -

As the Council has agreed to reconsider, will they also consider a phased rollout of whatever scheme results from the consultation process? A flexible phased rollout will allow actual parking displacement to be assessed, as well as obtain feedback from businesses and residents, thus preventing controlled parking zones being imposed in areas which may not need them and any damaging consequences to be reversed.
