Subject: Snaresbrook Ward - Newsletter

**PLEASE DO NOT RESPOND TO THIS EMAIL -
PLEASE SEND ALL FEEDBACK, COMMENTS, QUESTIONS AND SUGGESTIONS TO
snaresbrook.snt@met.police.uk**

14/05/2016

Dear Resident,

Thank you for signing up to the Snaresbrook weekly updates. You will be receiving a weekly report from your local team, a monthly report from your local Inspector and quarterly from your Borough Commander.

Burglary

Areas affected by residential burglaries since the last newsletter was issued were, Holly Bush Hill and Wellington Road.

One of the above burglaries have been classed as an attempted, this means the suspect made attempts to enter the address but was disrupted. In this instance, the resident heard a noise and went to a window only to discover a man standing on the drive way of the house. The resident went to investigate then saw the male running away. Damage had been caused to a front window.

The other of the above incidents was classed as a burglary as the house unfortunately had been broken into. The suspect entered via a garage door attached to the home. The door had been damaged and various items were stolen from the house.

All we ask in this instance is that you make sure the security on any garage type door is treated with the same level of importance as any front and back door. This is still a way into your home and can be seen as an easier option for burglar's intent on breaking in.

The days will thankfully get warmer now but please remember to close all downstairs windows and doors before bed and also any bedroom windows which may lead to an extension roof of some kind.

As always, burglaries in Snaresbrook ward have always been historically the lowest in Redbridge and are getting lower in comparison to the same periods in previous years. With your help we'd like to keep it this way.

Vehicle related crime

Areas affected by Motor vehicle crime since the last newsletter was issued have been Nelson Road, Wellington Road, Clock Court, Rodney Road, Hermitage Walk and Makepeace Road.

One of the victims of a car broken into believes she may have left her car insecure overnight. This may have been the case but we ask you to be aware that devices which can stop you central locking system from engaging are still in circulation. Please be aware of this and always double check your door handles after pushing that button.

Please report any suspicious activity on 101 or 999.

Redbridge NHW

We are confident that NHW's have played a massive part in the reduction of Burglary and Motor Vehicle related crimes, so we ask for anybody who maybe interested to register on:

www.RedbridgeNHW.info

The NHW scheme is focused on all crime and any information shared from members of the public is an extra weapon in our armoury. This includes any information of threats to our borders.

Other information

Extended high visibility patrols are still being carried out on all of Snaresbrook, this means your officers must wear high visibility yellow jackets whilst on your streets. This allows us to be seen during the late nights whilst on foot and cycle patrol. We ask that you remain vigilant and please carry on reporting any suspicious behaviour on the 101 none emergency police number. We will continue our very best to keep the burglary figures as low as we can with continued patrols and responding to your calls.

Our main focus of crime is high visibility patrols due to burglaries, motor vehicle crime and drug related crime.

Crime Mapping

We advise any of our residents concerned with crime trends in there area to visit the Metropolitan Police Crime Mapping web page. This page allows you to look at figures of reported crime for the year and the month. Crimes figures such as burglary, robbery, vehicle crime and violence against a person can be viewed on this page and you will see that figures for Snaresbrook remain low. A positive result all round achieved by the residents and officers of Snaresbrook Ward.

The team are still out and about on the ward pressing forward with gathering more email addresses as this is a great way for the team to report back to residents as well as advising you of current crime trends in your area as well as crime prevention advice and any appeals but we still need more! If you know of anyone on your street that has still not signed up to our scheme then please advise them to do so. Let's spread the word together.

Register your phone!

Do you know your IMEI number for your mobile phone? This is a unique references number that police check if your phone is lost or stolen .It can be found by typing in *#06# .The number can be registered on www.immobilise.com Police use this sight to check if any mobile phones used by stopped criminals are indeed stolen; it can also help in securing a conviction.

And last but never least!, please make sure to report anything suspicious on the 101 number and emergencies always on 999.

We want to update as many residents as possible, so if you neighbours want to receive this email please ask them to get in contact with us. Snaresbrook.snt@met.police.uk

Thank you for your ongoing support and assistance.
Kind regards,

Snaresbrook Neighbourhood Policing Team.

Woodford Police Station, 509 High Rd, Woodford Green, IG8 0SR.
