

Dear Resident,

Thank you for signing up to the Snaresbrook weekly updates. You will be receiving a weekly report from your local team, a monthly report from your local Inspector and quarterly from your Borough Commander.

### **Burglary**

Areas affected by residential burglaries since the last newsletter was issued were, Woodford road, New Wanstead, Holy Bush Hill and Malford Grove.

Two of the above incident shave been classed as attempted burglary, this means the suspect tried but didn't manage to enter the victim property while the other two were classed as Burglary due to the fact that the properties were entered and item were unfortunately taken. One of the unfortunate victims was a builder who was working on the home at the time and had tools taken.

Could I ask you that if you are having work done on your home then to please remind your builders to take all their tools with them at the end of the day rather than leave them at your home as this could possibly attract undue attention by opportunists. There seems to be a fast growing trend to take tools either from homes being worked on or parked vehicles.

### **Vehicle related crime**

Areas affected by Motor vehicle crime since the last newsletter was issued have been, Grosvenor Road, High View Road, Wellington Road, Broadwalk, Snaresbrook Road, New Wanstead, Victory Road, The Drive, Herman Hill and The Avenue.

Many reports stated, as mentioned above tools being taken from car. Reports were also made of cars being broken into for small amounts of cash or items left on display. We can only re-iterate that items left on display will only encourage opportunists.

Please report any suspicious activity on 101 or 999.

### **Redbridge NHW**

We are confident that NHW's have played a massive part in the reduction of Burglary and Motor Vehicle related crimes, so we ask for anybody who maybe interested to register on:

[www.RedbridgeNHW.info](http://www.RedbridgeNHW.info)

The NHW scheme is focused on all crime and any information shared from members of the public is an extra weapon in our armoury. This includes any information of threats to our borders.

Other information

Extended high visibility patrols are still being carried out on all of Snaresbrook, this means your officers must wear high visibility yellow jackets whilst on your streets. This allows us to be seen during the late nights whilst on foot and cycle patrol. We ask that you remain vigilant and please carry on reporting any suspicious behaviour on the 101 none emergency police number. We will continue our very best to keep the burglary figures as low as we can with continued patrols and responding to your calls.

Our main focus of crime is high visibility patrols due to burglaries, motor vehicle crime and drug related crime.

### **Crime Mapping**

We advice any of our residents concerned with crime trends in there area to visit the Metropolitan Police Crime Mapping web page. This page allows you to look at figures of reported crime for the year and the month. Crimes figures such as burglary, robbery, vehicle crime and violence against a person can be viewed on this page and you will see that figures for Snaresbrook remain low. A positive result all round achieved by the residents and officers of Snaresbrook Ward.

The team are still out and about on the ward pressing forward with gathering more email addresses as this is a great way for the team to report back to residents as well as advising you of current crime trends in your area as well as crime prevention advice and any appeals but we still need more! If you know of anyone on your street that has still not signed up to our scheme then please advise them to do so. Let's spread the word together.

### **Register your phone!**

Do you know your IMEI number for your mobile phone? This is a unique references number that police check if your phone is lost or stolen .It can be found by typing in \*#06# .The number can be registered on [www.immobilise.com](http://www.immobilise.com) Police use this sight to check if any mobile phones used by stopped criminals are indeed stolen; it can also help in securing a conviction.

**And last but never least!**, please make sure to report anything suspicious on the 101 number and emergencies always on 999.

We want to update as many residents as possible, so if you neighbours want to receive this email please ask them to get in contact with us. [Snaresbrook.snt@met.police.uk](mailto:Snaresbrook.snt@met.police.uk)

Thank you for your ongoing support and assistance.  
Kind regards,

**Snaresbrook Neighbourhood Policing Team.**

Woodford Police Station, 509 High Rd, Woodford Green, IG8 0SR.
